### Notes:

1. If it looks like we will have rain or that it will be wet or muddy at Tobermory, it is a good idea to put gear into plastic bags, but put your name on them because all garbage bags tend to look the same!!
2. In ideal weather and water conditions, swimming might be a possibility on one of our hikes. Students who want to swim **MUST FIRST HAVE** have permission from a chaperone and should have towel and warm dry clothes along in a backpack to change into immediately after swimming.
